1. Constitution of the new ATIBOX Committee.

2. Miscellaneous

a) The responsible of the Hungarian Boxer Club, Lászlo Udvardy, informed the Committee of the hopeless situation of the Hungarian Boxer Club. At this time, there exist 3 different boxer clubs in Hungary who have problems to collaborate. The Boxer Club of Budapest is approved by the Hungarian Kennel Club, so that the ATIBOX Committee cannot do anything about this matter.

The Hungarian Boxer Club has not paid their ATIBOX member fee for the last 2 years.

Atibox General Secretary Torsten Lemmer will contact FCI to find out the official Kennel Club of Hungary, and then ask this official Kennel Club of Hungary which is the official Boxer Club.

Torsten Lemmer will then arrange a meeting with the different Hungarian boxer clubs in order to hear all parties. Mr. Lászlo Udvardy thanked the Committee for hearing his opinions.

b) General Secretary Torsten Lemmer will write to the German Boxer Club (BK) and ask for maintaining a good collaboration between ATIBOX and the German Boxer Club. This letter shall be signed by all Committee members.

c) The members of the ATIBOX Committee were very satisfied with the ATIBOX show in Novi Sad, Serbia. It was very professionally handled by all of the intervening persons , and technically it was the best show ever. Well done.
